Morgan School Gets Stinemetz Prize Won in Federal Games.

Enger Boys and Girls Cheer Lads Whose Hard Work Brought Honors to School.

Three hundred bright-eyed, rosy-cheeked boys and girls of the Morgan School at Eighteenth and V streets, gathered in the hall of the school building yesterday afternoon to witness the presentation of the Stinemetz Memorial Trophy which the members of the track team of the school won in the Federal indoor games last Saturday afternoon,

Mr. B. W. Murch, supervising principal of the second division in which the Morgan school is located, was in charge of the exercises. He congratulated the boys and girls on their victory, and compli mented them for their remarkable display of school spirit. "The bright faces and lusty cheering of the girls had very much to do with the winning of the trophy," Right Guard....... 109 | SECOND RACE—Five and one-half furlongs. 99 | Anna Smith....... said Mr. Murch, whereupon the girls proceeded to maintain their reputation McAndrews by another effective display of that same

Introduced by Mr. Murch, Mr. William Knowles Cooper, general secretary of the Y. M. C. A., made a brief speech of presentation on behalf of the association which controls the Federal games. Mr. Cooper referred to the fact that the association stands abso vision on the Federal games programme Tempe for events for grade-school boys, it endeavored to co-operate with the school officials in the healthy, all-round development of the pupils. The time will soon come, Mr. Cooper predicted, when girls, as well as boys, will be contestants in indoor public athletic contests, first among themselves, and later against boys of their own age.

Mr. Cooper presented the trophy to Uncle Walter Miss N. E. L. McLean, principal, for the school. Miss McLean made a short speech of acceptance and then all the boys and girls gave a final hurrah for the Federal games and the Y. M. C. A. Regard The boys on the Morgan School team

The trials will be held shortly, but from will carry the colors of old Georgetown against their rivals from Charlottesville The entries from Fordham arrived yesterday, which brings the total of participants close up to the 400 mark. The New Yorkers' relay team will be composed of Walsh, Eller, White, and Geary, with Linnery as substitute. Walsh, White, and Geary are the trio which made Fordham such a formidable opponent on the football field the past season, the last two being spoken of by many as of all Western Maryland in a mile relay race. The announcement that such crack college athletes will positively appear here has caused a rush for tickets, and the sale promises to be the biggest in the history race; senior relay race; midget relay; of indoor meets in this city. ### RACE TRACKS IN COMBINATION

Four New York Associations Pool Interests.

Combine Is Necessary for Protection-Owners Satisfied to Pay Expenses This Season.

New York, Feb. 25 .- Four of the local ace tracks-Brighton Beach, Empire City, Aqueduct, and Jamaica-have pooled inerests for the coming season. It appears that the recent puzzle over the aliotment of dates made this combination necessary, and as a result these associations will divide up the profits or losses that may result from eighty-two days of sport. The idea originated from the fact that the big tracks-Sheepshead, Gravesend, and Belmont-have been pooling the holiday receipts on Decoration Day, July 4, and Labor Day-although Gravesend does not secure one of these plums in its allot-

When it was found, therefore, that these big tracks insisted on having the usual quota of dates, including the holidays, and that Saratoga positively demanded at least twenty-one days, while Empire City and Brighton declined to hold fall meetings, it was suggested that the four associations named above should combine for

It was with a feeling of harmony that his settlement was agreed upon, and it materially paved the way for the arrangement of the schedule which was anounced recently. While Aqueduct and Jamaica will each race twenty-eight days. Empire City will conduct a meeting of twelve days and Brighton will be open fourteen days only. Yet the new combina tion as a unit will have plenty of action. It is not expected that racing will be a profitable investment this year. In fact all of the track owners will be satisfied if they are able to pay expenses.

The rule works both ways however, and the fellows who have been neglecting their studies because they felt safe behind a passing mark last semester will

have to hustle to make up for lost time. The next advisory mark goes in in six weeks, and thus will give the ones who are too far behind to catch up in two weeks a chance to practice with the team and get in on some of the high school championship games later on.

#### BOY A "COFFEE DRUNKARD."

Unusual Case Is Under Treatment by

Indianapolis Authorities. Indianapolis, Feb. 25 .- A nine-year-old 'coffee drunkard" has been discovered in one of the public schools, and the attaches of the city board of health, and the State board have joined hands in a systematic and scientific fight to redeem the victim, with considerable success thus far, according to Dr. J. N. Hurty, secretary of the State board, who is giving the case close personal attention.

According to notes made on the case, the boy was allowed by his mother to drink from eight to ten cups of strong, clear coffee every day for months with. out giving any thought to any ill effects it might have on him.

When he entered school at the beginning of the present school year, it was found that he was nervous and irritable in the extreme; that he was morose and because of the development of a tendency to fight, with small provocation, he was shunned by his playmates.

Finally a physician was called and found the boy on the verge of insanity from sheer lack of nerve force. An examination of his home conditions was made, when it was found that he was a confirmed "coffee drunkard."

#### FORMER LAWMAKER GUILTY. Bridge Not Up to Specifications, Ac-

cording to Rival Builder. Rennselaer, Ind., Feb. 25.-Clinton L. Bader, former representative in the legislature from Jasper County, was to-day convicted of presenting a false claim to the county, the penalty for which is im-

prisonment in the State prison for from two to fourteen years. The testimony of the State showed that a bridge he built was seven tons lighter in amount of steel used than was required by the specifications, and that in other respects the bridge was inferior to that called for in the contract. Bader's attorney filed a motion for a new trial, and failing in that, the case will be

appealed. The testimony of Wallace Marshall, of Lafayette, a rival bridge man, showed the bridge to be cheapened in the sum of \$426, while the contract price was only
